

TechSelect 2018

SAP Database & Technology User Show

Sponsored by

NEW
2 day + 3 track
agenda

Two-day event

Monday 25th & Tuesday 26th June, Congress Centre, London

We are pleased to announce that TechSelect 2018 will be a **two-day event** with a **three-track agenda** each day, which offers a great opportunity to hear and learn from the experts and meet end-user customers.

WHY SHOULD I ATTEND?

Taking time to get out of your regular workspace will refresh your mind, give you new ideas and bring you up-to-date on all that is happening in and around SAP's Database & Technology products.

WHAT WILL I COME AWAY WITH?

- Exposure to the latest techniques and technologies
- Latest information about innovative new product features and enhancements
- Answers to technical problems direct from world class engineers
- Key information and ideas to assist you with your IT planning
- New technical knowledge from networking with members who will share their vast experience of SAP's database products and their deployment.
